Not just a snack. A ritual.

Modular components to add, adapt or combine within your chosen collection.

01 The tea ritual

Loose artisan herbal tea in a resealable white kraft pouch, paired with drawstring filter bags and a mini wooden measuring spoon.

02 The crisp & spread pairing

A 150 g wide-mouth glass jar of no-added-sugar, 100% fruit spread, high-fibre seeded crackers and a wooden spreading spatula.

03 The fresh-harvest selection

Raw nuts and unsulphured dried fruits in white kraft packs with clear windows. Crop, origin and availability are confirmed for your order.

04 A personal touch for five

Five individually wrapped artisan mini olive-oil soaps for a five-person team, or a desk-sized soy candle alternative. Non-food gifts are packed separately from food.

05 A considered packaging language

Natural kraft outer cartons with minimalist dark-green logo printing; hygienic, matte white kraft inner packs with contrasting colour labels. Food-safe barriers and clear windows are specified to reduce plastic where practical, not to imply plastic-free packaging.
